

REMARKS/ARGUMENTS

Claims 26-48 have been allowed. Claims 1-25 were previously withdrawn from consideration in response to a restriction requirement. Claims 49-50 were previously canceled.

By the present amendment, claims 1-25 have been cancelled.

Further, independent claims 36 and 48 have been amended to correct minor typographical errors. Specifically, in claims 36 and 48, the term “security enable indicator” has been replaced with the term “security enable parameter”. Further, in claim 48, the term “first network” has been replaced with “first network entity”. In addition, one instance of “first network entity” has been replaced with “second network entity, and one instance of “second network entity” has been replaced with “first network entity”, where the terms were accidentally switched. Please note these recited changes to claim 48 make the relevant clauses at issue consistent with clauses in corresponding claim 1.

Should the Examiner have any questions or concerns regarding these amendments, the Examiner is encouraged to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
Weaver Austin Villeneuve & Sampson LLP
